PROFESSIONAL SUMMARY

IT undergraduate pursuing a National Diploma in Information Technology (NDT IT) at the Institute of Technology, University of Moratuwa, with hands-on full-stack experience building web applications using React.js, Spring Boot, Java, PHP, and REST APIs. Comfortable across the stack with solid ES6+ JavaScript, HTML5/CSS3, and Git-based collaboration, and actively deepening skills in Node.js, TypeScript, and MySQL. Proactive open-source contributor across four global programs with strong Agile/Scrum teamwork and communication habits. Seeking a Software Engineering Internship to help build and ship usable, high-quality software products.

SKILLS & LANGUAGES

Frontend: React.js, HTML5, CSS3, Tailwind CSS, Bootstrap, JavaScript (ES6+), TypeScript (learning)

Backend & Databases: Node.js (learning), Spring Boot, Java, PHP, REST APIs, MySQL

Cloud & Infrastructure: AWS (AWS Educate), Docker(learning), Linux, Git, GitHub

Other Languages: Python, C

Tools: VS Code, IntelliJ IDEA, XAMPP, Postman, Figma, Canva

Soft Skills: Problem Solving, Team Collaboration, Communication, Time Management

Languages: Tamil (Native), English (Fluent), Sinhala (Basic)

EDUCATION

National Diploma in Information Technology (NDT IT) | *Institute of Technology, University of Moratuwa (ITUM), Sri Lanka* | Oct 2024 - Present

- Coursework in Web Development, Cybersecurity, Databases, and Software Engineering principles.
- Hands-on training in containerization (Docker), API design, and deploying secure full-stack web applications.

GCE Advanced Level (Physical Science Stream) | *BT/BC Oddamavadi Central College, Batticaloa, Sri Lanka* | 2018 – 2020

GCE Ordinary Level | *BT/BC Oddamavadi Fathima Balika Maha Vidyalaya, Batticaloa, Sri Lanka* | 2007 - 2018 **(Result: 8 A's and B's)**

FEATURED PROJECTS

SCM - Inventory Management System | *React, Spring Boot, MySQL, REST APIs, Java*

- Collaborated as a full-stack developer to build a supply chain and stock management system with role-based authentication.
- Designed interactive inventory tracking dashboards, supplier control panels, and invoice publishing features consuming REST APIs.
- Implemented database backup functionality to ensure system integrity and data persistence.

ReciPick - Recipe Discovery Application | *React, Vite, CSS3, REST APIs*

- Designed and deployed a responsive recipe explorer that fetches and renders data from public culinary REST APIs.
- Implemented client-side caching, custom filters, and search functionality for a fast, pixel-perfect UI/UX.

Event Hub - Student Event Management System | *PHP, MySQL, JavaScript, HTML5, CSS3*

- Built an academic event scheduling portal with user login, registration, and organizer control systems.
- Developed administrative dashboards for event analytics with automated email notifications.

Book Nest - Bookstore E-Commerce Platform | *PHP, MySQL, JavaScript, HTML5, CSS3*

- Implemented a dynamic book catalog, multi-level category navigation, shopping cart, and checkout flow.

Personal Portfolio Website | *React, HTML5, CSS3, JavaScript (ES6+)*

- Designed a responsive, single-page glassmorphic portfolio with a certifications drawer and animated UI elements.

OPEN SOURCE EXPERIENCE

- Social Winter of Code (SWOC '26) - SafeHaven: Resolved front-end layout/alignment bugs, refined form validations, styled buttons for mobile.
- Open Source Connect Global (OSCG '26) - blockchain-evidence: Improved codebase documentation and code readability.
- Social Summer of Code (SSOC '26) - E-commerce: Optimized UI pages and localized CSS files for pixel-perfect renders.
- GirlScript Summer of Code (GSSOC '26) - EaseMotion-css: Developed lightweight CSS animations and interactive micro-transitions.

CERTIFICATIONS & ACHIEVEMENTS

- Docker for Absolute Beginners - KodeKloud
- Cyber Security Essentials (LFC108) - The Linux Foundation
- Agile Scrum Foundation - Simplilearn
- Front-End Web Development - University of Moratuwa CODL
- Cyber Security Pathway - Cisco Academy
- HackerRank: Java (Basic), SQL (Basic), CSS (Basic)
- Python for Beginners & Web Design for Beginners - UOM CODL
- SoloLearn: Python Course, SQL Course
